ABOUT THE HARTONGS

Glenn & Malinda Hartong are Cincinnati Enquirer staff multimedia journalists.

Glenn has been a photojournalist for 20 years, and Senior Video Producer for the past 3 years, in addition to being a Director, Videographer, Producer, and more while volunteering at Waycross Community Media for that time.

Malinda freelanced for various publications for over 10 years before filling an opening at The Enquirer for the new Hometown sections three years ago. Today Malinda is the Enquirer's daytime breaking news photographer & videographer. Before meeting Glenn while he was on assignment, Malinda covered special events, as well as portrait and studio photography. She feels MUCH more at home shooting news, documenting life through a lens.

In addition to their daily gig covering news and stories for the paper, Glenn & Malinda lecture, and teach workshops and classes, as well as assist fellow journalists and everyday folks with their multimedia questions.
